

Let's Partner to Expand Social Impact Using AI

Are you getting lots of interest from your clients for AI? Consider HSAI as a partner. Leverage our deep knowledge of cutting-edge AI technology and innovative approaches that ensure that your client organizations are successfully delivering for the people they serve.

Who We Are

HumanServices.ai (HSAI) enables the social impact field with the knowledge, models, and products to make transformative change possible, ultimately solving seemingly intractable problems.

We do so through delivering insights on AI and enabling innovations that leverage intelligent automation and AI to deliver lasting social impact.

Why Choose Us

Deep AI/Digital Industry Experience

Our principal and extended team have decades of experience in digital social innovation and built real world social impact AI solutions.

Collaborative Approach

We work closely with consulting firms to co-create strategies and solutions that maximize client value.

"Dull the Bleeding Edge"

We have experience delivering the latest AI technologies and methodologies, but we do so with learning and knowledge transfer in mind.
